ME0036668	Woodland Hydro	Industrial (hydroelectric)	St. Croix River (C)	0.194
ME0001872	Woodland Pulp	Industrial (pulp mill)	St. Croix River (C)	30

POINT SOURCE COSTS: METHODS

Exhibit 4-1. Summary of Dischargers to Waters in Indian Lands or Their Tributaries

MEPDES Number	Facility Name	Facility Type	Receiving Surface Waters (Class)	Permitted Monthly Average Flow (MGD)
ME0022063	Woodland Pulp: North Site	Industrial (logging)	St. Croix River (C)	16.16

MGD = million gallons per day
POTW = publicly owned treatment works
WWTP = wastewater treatment plant
STP = sewage treatment plant

1. The flow is a design maximum rather than an average monthly flow limitation.
2. This permit authorizes discharges from the Calais POTW and four combined sewer overflows (CSOs) to Class SC waters and one CSO to Class C waters.
